About Kinbly

Kinbly was established in 2015, located in Fenggang, Dongguan, Guangdong, China. As an innovative enterprise specializing in the integrated design, R&D, production, and sales of silicone household living products, we have over a decade of experience in silicone product development and manufacturing.

Our company boasts a professional R&D team and sales force, and has successfully passed factory audits by internationally recognized certification bodies including ISO 9001:2015, ISO 14000, and SEDEX. We provide comprehensive solutions offering both OEM and ODM services through a one-stop service model. All products meet multiple international safety standards (SGS, REACH, Germany's LFGB/BFR, US FDA 21CFR177.2600), and are distributed across Europe and North America.

Guided by our core philosophy "Safety is the foundation of all love", we adhere to the principles of "Love, Dedication, and Responsibility" in all endeavors. We strive to create beyond expectations through meticulous craftsmanship.

Corporate Values:

Integrity | Credibility | Altruism | Co-creation & Win-Win
